

Light Up With Books

Dear Parents/Guardians,

Welcome to St. Pius X Summer Reading Program, "Light Up With Books." Now that the school year is ending and summer is about to begin, we look to our parents/guardians to assist us in providing students with summer reading opportunities.

The goal of this program is to encourage students to read for pleasure as they continue to refine their reading skills. Students entering **grade four and grade five** are required to read two books from their grade-specific book list. In the fall, during the first week of school, the students will need to complete an AR test for each book read. Students may not read a book that they have already taken and passed an AR test on. These AR tests will be their first grades for the new school year.

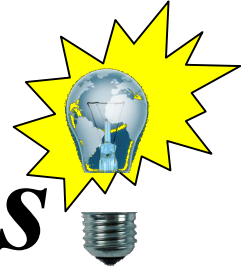

Thank you for helping to make reading an important part of your child's learning experience.

Sincerely,

The faculty of St. Pius X School
